LinkedIn | GitHub | Kaggle | Portfolio

Summary

Data Science and Machine Learning practitioner with hands-on experience in Python, SQL, NLP, and data analytics through internships and real-world projects. Built analytics solutions in financial analysis and NLP while leading a 900+ member AI/ML community. Interested in building scalable machine learning and analytics solutions for real-world business problems.

Technical Skills

Programming: Python, SQL, C++, Data Structures & Algorithms, Object-Oriented Programming

Data Science: Pandas, NumPy, Scikit-learn, EDA, Data Cleaning, Feature Engineering, Classification, Regression, Clustering, Model Evaluation

AI & NLP: NLP, LangChain, TensorFlow, Text Classification

Visualization: Power BI, Excel, Matplotlib, Seaborn

Tools: Streamlit, BeautifulSoup, Selenium, n8n, Git, GitHub, VS Code, Google Colab, Kaggle

Experience

Bold Analytics

Apr 2026 – Jun 2026

Data Analyst Intern

Remote

- Developed financial analytics workflows involving data cleaning, transformation, exploratory data analysis, and dashboard development using Python, SQL, Excel, and Power BI.
- Prepared analysis-ready datasets and generated financial insights to support company comparison and business decision-making.

DMV CoreTech

Dec 2025 – Mar 2026

Data Science Intern

Remote

- Developed end-to-end machine learning workflows including data preprocessing, exploratory data analysis, feature engineering, model development, and technical documentation.

Selected Projects

B100 Intelligence

Python, SQL, Pandas, Scikit-learn, Power BI

- Built a financial intelligence platform using data preprocessing, feature engineering, anomaly detection, clustering, and interactive dashboards for company analysis.

Smart Health Records & Emergency Response

Python, Machine Learning, n8n, Firebase

- Developed an AI-assisted healthcare platform for digital health records with workflow automation and emergency response management.

WhatsApp Chat Analyzer

Python, NLP, Pandas, Streamlit

- Built an NLP-based analytics dashboard for WhatsApp conversations with sentiment analysis, activity tracking, and user interaction insights.

Leadership

NextGen Data Minds

2026 – Present

Founder & Community Lead

900+ Members

- Leading a 13-member core team responsible for growing a 900+ member AI, ML, and Data Science community by defining strategy, managing execution, organizing hackathons, and driving a 199-day DSA Marathon.

Achievements

- **Kaggle 2X Expert** (Notebook Expert & Discussion Expert) with highest global rank of **694**.
- **Runner-Up** at Rajasthan DigiFest × TiE Global Hackathon, awarded **INR 25,000** with Team ML C.
- Participated in 10+ hackathons, building AI and Data Science solutions under strict deadlines while collaborating in cross-functional teams.

Education

Arya College of Engineering & IT, Jaipur

2023 – 2027

B.Tech in Electronics and Communication Engineering

CGPA: 7.8+
